### **More, More, More**

Nearly 10 pounds lighter, greater capacity, more ergonomic, and even more environmentally responsible—this sizes up the all-new Vario II from Tornado Industries.

This cylindrical floor machine includes all the features and benefits of the original Vario including ease of use, portability, and effective deep cleaning, but with even greater flexibility and maneuverability than its predecessor.

Use the Vario II to scrub, strip, and polish all types of floors, including uneven surfaces. The machine's 650 rpm leave floors clean and healthy with a high-gloss shine.
