

A better way to clean.

## The M Series of Glazers™

- M 1500 RPM Glazer
- M 700/1500 RPM Glazer
- M 2000 RPM Glazer

The ultimate value and choice in high-speed burnishing power.

### The Right Combination

Each machine in Tornado's® line of high-speed electric burnishers are expertly balanced for ideal pressure and sustained RPMs. The M Series of High Speed Glazer's™ provide optimal weight for the best shine possible and are known industry-wide for excellence in design, operator comfort, and unsurpassed burnishing performance.

### Maintaining Air Quality Standards

The M Series 2000 Clean-Air Glazer™ (98492) features a deck shroud and twin filters for dust-free operation and clean-air filtration. This unit is ideal for meeting indoor air quality (IAQ) standards in educational, health care and any environment where maintaining air quality is key. The filters are easily removable for cleaning

### Durability and Value

All Tornado Glazer™ bases are steel, designed for years of use and precision balance. With a 20" burnishing path, lock-in retainer pad holder, 1.5 HP motor, and Tornado's® Start Guard II handle, the M Series of High-Speed Glazer's™ can handle the most demanding of floor care needs. At unmatched price points, this is a must have for any cleaning professional

## M Series 1500 Glazer™, 700/1500 Glazer™, and 2000 Clean Air Glazer™

### Key Features

- Ultra high 1.5 hp motor with low start up and operating amperage
- All steel guard triple planetary gear box for low maintenance and protection
- Variable height adjustable handle
- Ergonomic handle design
- Clean-air burnishing
- Can be fitted with pads for multiple tasks
- 700/1500 Glazer has the versatility for glazing and restoring floors or spray-buffing
- Flex pad holder with lock-in retainer
- Rear-mounted stair climbing wheels for support
