**Smaller and Dependable**

Tornado Industries® introduces the perfect auto-scrubbers for smaller spaces: the BR 18/11 cylindrical machine with an 18-inch cleaning path and the BD 20/11 rotary model with a 20-inch cleaning path.

Powered by eco-friendly, dry cell batteries, these scrubbers have tough polyethylene bodies, can make 180-degree turns, and are so dependable they come with a standard 10-year warranty on the body and tanks.

Both models operate at a whisper-quiet 67 decibels, with rpm ranging from 350 (rotary) to 1,300 (cylindrical). A heavy-duty parabolic squeegee delivers 100 percent solution recovery.
