Walk-Behind Sweeper moves from carpets to hard floors. .

September 20, 2011 - Featuring 26 in. wide cleaning path, Model SWB 26/8 can operate in place of wide-area vacuum cleaner. Unit runs on sealed 24 V batteries, sweeping up to 26,000 ft²/hr. Overthrow sweeping technology enables machine's hopper to collect debris such as dry leaves and packaging materials. Operating at 67 dB for noise-sensitive environments, sweeper includes dust-control filter, non-marking rear wheels and front caster, and collapsible handle for storage.

Sweeper Offers a New Spin on Cleaning

Tornado introduces the SWB 26/8 Walk-Behind battery-powered sweeper that sweeps hard-surface floors and cleans carpets.

This machine moves effortlessly from carpets to hard-surface floors - no time wasted changing tools, brooms, or equipment.

With a 26-inch wide cleaning path, use it in place of a wide-area vacuum cleaner. Quiet, making it perfect for day cleaning situations, it picks up debris large and small.

Further, with "overthrow" sweeping technology, the machine's hopper easily collects debris such as dry leaves and packaging materials.
